2 Whereupon,  
3 HUGH WILMOT, JR.,  
4 was called as a witness by counsel for Plaintiff, and  
5 having been duly sworn by the Notary Public, was  
6 examined and testified as follows:  
7 MR. LOMAS: If you don't mind, I'd like to

8 make one statement for the record. I just want to  
9 note that there was no deposition notice served on  
10 either Mr. Wilmot or Record Press, so Mr. Wilmot will  
11 be here testifying in his individual capacity, not as  
12 a corporate designee for Record Press. And as we  
13 discussed earlier, we talked about the deposition  
14 going from about 2:30 to 5 today.

15 MR. KING: Okay.

16 EXAMINATION BY COUNSEL FOR PLAINTIFF

17 BY MR. KING:

18 Q. Mr. Wilmot, can you please state and spell  
19 your full name for the record?

20 A. Hugh Wilmot, Jr. H-U-G-H, W-I-L-M-O-T,  
21 Jr.

22 Q. And can you tell us where you live?  
00006

1 A. I live at 48 Prince Street, Hastings on  
2 Hudson, New York.

3 Q. And what's your date of birth?

4 A. 5-23-1969.

5 Q. And Mr. Wilmot, are you taking any  
6 medication or are you experiencing any physical  
7 symptoms that would affect your competency to testify  
8 today?

9 A. No. I am not.

10 Q. How long have you been with Record Press?

11 A. Since September 2000.

12 Q. Okay. And how long has Record Press, to  
13 your knowledge, been in existence?

14 A. Since 1945.

15 Q. Did you say 1945?

16 A. That's correct.

17 Q. And when you started in 2000, was Record  
18 Press doing business with the GP0?

19 A. Yes, it was.

20 Q. And do you know how long approximately  
21 before that Record Press had been doing business with  
22 the GP0?

00007

1 A. Yes, I do.

2 Q. And approximately how long is that?

3 A. 20 plus years.

4 Q. 20 plus years. When you started at Record  
5 Press, what was your position?

6 A. Chief technology officer.

7 Q. And in what year did you become the  
8 president of Record Press?

9 MR. LOMAS: Objection. Foundation.

10 THE WITNESS: 2003.

11 BY MR. KING:

12 Q. And at the time you were the -- I'm sorry,  
13 could you restate what your position was when you  
14 started?

15 A. Chief technology, CT0, chief technology  
16 officer.

17 Q. When you were the chief technology  
18 officer, who had your position at that time?

19 MR. LOMAS: Objection. Vague.

20 BY MR. KING:

21 Q. Your current position as president, who  
22 had the position when you were the CT0?

00008

1 A. John Farrell.

2 Q. How was it that you came to be the  
3 president after you were the CT0?

4 MR. LOMAS: Objection. Foundation.

5 THE WITNESS: My skills.

6 BY MR. KING:

7 Q. Okay. Did you apply for the job as  
8 president?

9 A. No. I was appointed.

10 Q. Do you know why Mr. Farrell left as the  
11 president?

12 MR. LOMAS: Objection. Foundation.

13 THE WITNESS: I don't know.

14 BY MR. KING:

15 Q. Do you have an ownership interest or any  
16 other type of financial interest in Record Press  
17 itself?

18 A. Yes, I do.

19 Q. And what's the nature of that interest?

20 A. Record Press is an employee owned company,  
21 an ESOP.

22 Q. And do you have an estimate of what

00009

1 percentage ownership interest you have in Record  
2 Press?

3 A. I don't know.

4 Q. Would you say that it's closer to 1  
5 percent or 10 percent, 20 percent, 30 percent, if you  
6 were going to do it in 10 -- increments of 10 like  
7 that, do you think it's something like 1 percent, 10  
8 percent, 20 percent?

9 A. I don't know.

10 MR. LOMAS: Objection. Speculation.

11 BY MR. KING:

12 Q. You don't know. Would you say that it's  
13 less than 50 percent?

14 MR. LOMAS: Objection. Asked and  
15 answered.

16 THE WITNESS: I don't know.

17 BY MR. KING:

18 Q. Do you know whether or not -- so your  
19 testimony is that you don't know whether or not you  
20 have a greater than 50 percent ownership interest in  
21 Record Press?

22 A. I don't know.

00010

1 Q. You don't know. Okay. What kind of  
2 company is Record Press in terms of its structure or  
3 formation?

4 MR. LOMAS: Objection. Vague.

5 BY MR. KING:

6 Q. In terms of limited liability company,  
7 corporation, partnership, et cetera?

8 A. Record Press is a New York corporation.

9 Q. It's a corporation. Okay. Is Record  
10 Press publicly traded or is it a closed corporation?

11 A. Record Press is not publicly traded.

12 Q. When did you first receive ownership  
13 interest in Record Press?

14 A. 2004.

15 Q. Do you know approximately the value of  
16 your ownership interest in Record Press at the time  
17 that you acquired it?

18 A. No, I don't.

19 Q. Do you own stock in Record Press?

20 A. Yes, I do.

21 Q. And do you know the approximate value of  
22 that stock?

00011

1 A. No, I don't.

2 Q. Are you also paid a salary by Record  
3 Press?

4 A. Yes.

5 Q. Okay. And what -- what salary are you  
6 paid with Record Press?

7 MR. O'BRIEN: Before you answer that, is  
8 this something that's public knowledge?

9 THE WITNESS: No, it's not.

10 MR. O'BRIEN: Would you prefer that it be  
11 marked under protective order? Tyler, if we can get  
12 a stipulation that this portion of the deposition is  
13 under protective order for the amount of his salary?

14 BY MR. KING:

15 Q. Certainly.

16 A. \$125,000.

17 Q. As the chief technology officer, what were  
18 your -- what were your duties, generally speaking?

19 A. To ensure information, technical -- to

20 ensure information coming into the firm is easily  
21 understood and disseminated to ensure our work flow  
22 is the most efficient.

00012

1 Q. Does that -- does that pertain only to the  
2 administrative aspects of the company's internal  
3 functioning, or does that also relate to the actual  
4 work product that the company puts out in terms of  
5 its printing product?

6 MR. LOMAS: Objection. Foundation.

7 THE WITNESS: Both.

8 BY MR. KING:

9 Q. Okay. Now, as president, how is your --  
10 how are your duties, how have your duties changed now  
11 that you've become the president? And what are those  
12 duties?

13 MR. LOMAS: Objection. Compound.

14 THE WITNESS: Because Record Press is a  
15 small company, my duties are generally related to  
16 increasing revenue, watching the bottom line and  
17 ensuring the well-being of my staff.

18 BY MR. KING:

19 Q. Do you know approximately how many  
20 employees Record Press has?

21 A. 27.

22 Q. Generally speaking, what are Record

00013

1 Press's revenues in this most recent fiscal year?

2 MR. O'BRIEN: Again, is this information  
3 that is public knowledge?

4 THE WITNESS: No, it's not.

5 MR. O'BRIEN: We would ask again for a  
6 stipulation that this portion of the deposition is  
7 under protective order.

8 MR. KING: Certainly.

9 MR. O'BRIEN: And we can work out the  
10 details of the protective order later.

11 BY MR. KING:

12 Q. Certainly.

13 A. Three million.

14 Q. Since you became president in -- 2005, you  
15 said? I'm sorry.

16 A. 2003.

17 Q. 2003. Has that \$3 million revenue figure  
18 been consistent?

19 A. Yes.

20 Q. And during that time period from 2000 to  
21 '3, when the revenue has been approximately 3  
22 million, have your -- has your bottom line been

00014

1 consistent in terms of overall profitability?

2 MR. LOMAS: Objection. Vague.

3 THE WITNESS: Could you restate the  
4 question for me, please?

5 BY MR. KING:

6 Q. You've stated that the revenue, total  
7 revenues are approximately \$3 million. This question  
8 pertains to how those revenues relate to your  
9 expenses, to the profitability of the company. Is  
10 Record Press today a profitable company?

11 A. No. It's not.

12 Q. It's not a profitable company. Since  
13 2003, has Record Press not been profitable?

14 MR. LOMAS: Objection. Vague.

15 THE WITNESS: Can you please restate the  
16 question?

17 BY MR. KING:

18 Q. If Record Press today is not profitable,  
19 we'll say in the most recent fiscal year, has that  
20 been true for each fiscal year since 2003 when you  
21 became president?

22 MR. LOMAS: Objection. Compound.

00015

1 THE WITNESS: We have had years of loss.  
2 Yes. Losses.

3 BY MR. KING:

4 Q. Okay. Do you -- are you able to recall  
5 today which years those were?

6 A. The last two fiscal years.

7 Q. The last two fiscal years. And prior to  
8 the last two fiscal years, since 2003, were you  
9 profitable?

10 A. Yes.

11 Q. Are you aware of whether or not there are  
12 certain majority owners of Record Press that own, for  
13 example, more than 25 percent share of the company?

14 MR. LOMAS: Objection. Vague.

15 THE WITNESS: Could you rephrase that  
16 question, please?

17 BY MR. KING:

18 Q. Are you aware of any individuals or other  
19 corporations that own more than 25 percent share of  
20 Record Press?

21 A. No. Record Press is 100 percent owned by  
22 the employees.

00016

1 Q. Okay. And therefore, no single employee  
2 owns more than 25 percent of Record Press?

3 A. I do not know the share distribution.

4 Q. Okay. What -- does Record Press have

5 contracts with non-GPO entities?

6 MR. LOMAS: Objection. Vague.

7 THE WITNESS: Could you please rephrase  
8 the question?

9 BY MR. KING:

10 Q. Does Record Press do business with other  
11 entities other than the GPO?

12 A. Yes.

13 Q. Okay. And can you say an estimate of  
14 approximately what amount of your revenues correspond  
15 to GPO business?

16 MR. LOMAS: Objection. Vague.

17 THE WITNESS: Can you please rephrase the  
18 question?

19 BY MR. KING:

20 Q. What percentage of your revenues are  
21 derived from GPO contracts in -- in the most recent  
22 fiscal year?

00017

1 A. Less than 10 percent.

2 Q. Less than 10 percent. And is that figure  
3 consistent since the time that you've been president?

4 A. I don't know.

5 Q. So it is possible, then, that since 2003,  
6 some years, your revenues from GPO, your total  
7 revenues from GPO contracts could have been more than  
8 10 percent of your total revenue overall?

9 MR. LOMAS: Objection. Speculative.  
10 Argumentative.

11 THE WITNESS: I don't know.

12 BY MR. KING:

13 Q. Okay. In the last fiscal year, if GPO  
14 contracts were less than 10 percent of your overall  
15 revenues, what about the previous fiscal year? Were  
16 they also less than 10 percent?

17 MR. LOMAS: Objection. Foundation.

18 THE WITNESS: I don't know.

19 BY MR. KING:

20 Q. Okay. Do you -- who else in your company,  
21 and what would their titles be, for example, of  
22 people who manage this information about, you know,

00018

1 your revenues, your contracts, et cetera? Do you  
2 employ accountants, for example?

3 MR. LOMAS: Objection. Compound.

4 THE WITNESS: Yes.

5 BY MR. KING:

6 Q. Okay. What are the positions that you  
7 have at your company for that kind of thing?

8 MR. LOMAS: Objection. Vague.

9 THE WITNESS: Can you please rephrase the  
10 question?

11 BY MR. KING:

12 Q. What positions does Record Press have for  
13 people who do work on your accounting?

14 A. Record Press has a billing clerk which  
15 reports to me. And -- and outside accounting firm  
16 which is responsible for financial statements.

17 Q. Okay. So if you were going to try to  
18 determine what percentage of your -- of your revenues  
19 were derived from GPO contracts, you would ask your  
20 billing clerk?

21 A. That's correct.

22 Q. What's your billing clerk's name?

00019

1 A. Evelyn Crespo.

2 Q. And how long has she been at that  
3 position?

4 A. Approximately two years.

5 Q. And generally speaking, what are her  
6 responsibilities?

7 A. She bills according to job tickets that  
8 are presented to her on a daily basis. And as a part  
9 of her billing duties, she is responsible for  
10 accounts receivables.

11 Q. Okay. Do employees receive some kind of  
12 financial benefit from Record Press's profitability  
13 through their ownership in the company?

14 A. Yes.

15 MR. LOMAS: Objection. Foundation.

16 BY MR. KING:

17 Q. And how are those -- how are those  
18 distributed? For example, do employees receive  
19 dividends?

20 A. Record Press, as an ESOP entity, is  
21 audited once per year by an outside auditing firm and  
22 depending on our profitability or lack thereof, share

00020

1 value are reduced or increased accordingly.

2 Q. Okay. And are -- when would an employee  
3 receive some sort of financial benefit from this?  
4 For example, do employees receive dividends?

5 MR. LOMAS: Objection. Foundation.

6 THE WITNESS: Statements are mailed the  
7 first week of September each year.

8 BY MR. KING:

9 Q. Therefore, employees receive payments  
10 based on their ownership of the stock in the company?

11 MR. LOMAS: Objection. Foundation.

12 THE WITNESS: The ESOP entity is a -- a

13 long-term benefit. Moneys that may be a  
14 representation are for future benefit.

15 BY MR. KING:

16 Q. I see. So they would only receive the  
17 money when they decide to sell their interest in the  
18 company?

19 MR. LOMAS: Objection. Vague.

20 THE WITNESS: Can you please rephrase the  
21 question?

22 BY MR. KING:

00021

1 Q. How would one receive the money that is  
2 equivalent to their interest in the company?

3 MR. LOMAS: Objection. Vague.

4 THE WITNESS: It's a complex formula based  
5 on the rules of the ESOP which are published to  
6 employees.

7 BY MR. KING:

8 Q. Okay. Since you've been president, are  
9 you aware of any litigation involving Record Press's  
10 contracts? Except for this case?

11 A. No.

12 Q. So this is the only case that you're aware  
13 of that Record Press has been a party in a lawsuit?

14 MR. LOMAS: Objection.

15 THE WITNESS: Could you rephrase the  
16 question?

17 BY MR. KING:

18 Q. Is this the only case that you're aware of  
19 Record Press being a party in a lawsuit?

20 A. No.

21 Q. So there are other cases in which Record  
22 Press is a party in a lawsuit?

00022

1 MR. O'BRIEN: That's different than your  
2 first question, Tyler.

3 MR. KING: Right. It's the opposite of  
4 the question.

5 MR. O'BRIEN: No, your question originally  
6 was about the lawsuits. The record will reflect  
7 there is two different questions that you're asking.

8 BY MR. KING:

9 Q. Right. So let me ask the question again,  
10 please, and I'm sorry for being confusing. Has --  
11 other than the current case, has Record Press ever  
12 been involved in any litigation regarding its  
13 contracts as a vendor for its services?

14 A. No.

15 Q. Okay. So this is the only litigation  
16 you're aware of involving Record Press's contracts

17 for its services?

18 A. Yes.

19 Q. Okay. So I'd like to start now to change  
20 the subject more towards sort of the pricing and your  
21 background in that. Do you -- you said that you came  
22 on as a chief technology officer and then you became

00023

1 the president. Did you have any particular  
2 background in printing itself?

3 A. Yes.

4 Q. Okay. What is your background in  
5 printing?

6 A. As a technologist, I am -- and running a  
7 technology concern before Record Press, I supported  
8 the graphics art industry extensively in implementing  
9 desktop publishing solutions and high-end output  
10 solutions such as printers, and automating the  
11 process of work flow as it relates to the printing  
12 industry, the advertising industry and also some  
13 financial concerns.

14 Q. When you were gaining this experience, did  
15 you have any particular experience in how to price  
16 the work for printing?

17 MR. LOMAS: Objection. Vague.

18 THE WITNESS: Could you rephrase the  
19 question, please?

20 BY MR. KING:

21 Q. Do you -- let me have a different  
22 question. Do you have a pricing philosophy?

00024

1 MR. LOMAS: Objection. Vague.

2 THE WITNESS: Could you rephrase the  
3 question, please?

4 BY MR. KING:

5 Q. Let's see. Are you aware of the term  
6 pricing philosophy?

7 A. Yes.

8 Q. Okay. Do you have a pricing philosophy?

9 MR. LOMAS: Objection. Vague.

10 THE WITNESS: Could you rephrase the  
11 question, please?

12 BY MR. KING:

13 Q. How do you decide what prices to use in  
14 your contracts?

15 MR. LOMAS: Objection. Foundation.  
16 Vague.

17 MR. O'BRIEN: You can answer.

18 MR. LOMAS: You can answer.

19 THE WITNESS: As a Record Press -- since  
20 its inception, I was lucky to be mentored by Robert

21 Wrightson, who in his later capacity became the  
22 president of Record Press. He worked from -- at

00025

1 Record Press from 1945 through 2008. And from 2003,  
2 I was mentored by Robert Wrightson, who oversaw  
3 Record Press's operations from its inception to his  
4 death in 2008.

5 BY MR. KING:

6 Q. When your predecessor, John Farrell, was  
7 the president, was Mr. Wrightson also overseeing him?

8 A. Yes.

9 Q. Okay. And how would you describe -- you  
10 said you would describe Mr. Wrightson to yourself as  
11 a mentor, but did he have a particular job  
12 description at Record Press after he was doing more  
13 of a supervisory role?

14 A. Yes.

15 Q. And what was that position?

16 A. My mentor.

17 Q. Okay. Did Record Press have a particular  
18 title for him?

19 MR. LOMAS: Objection. Vague.

20 THE WITNESS: Could you rephrase the  
21 question?

22 BY MR. KING:

00026

1 Q. Did Record Press have a designation for  
2 what his job was?

3 MR. LOMAS: Objection. Vague.

4 THE WITNESS: Consulting mentor.

5 BY MR. KING:

6 Q. Okay. Was Mr. Wrightson responsible for  
7 determining Record Press's prices?

8 MR. LOMAS: Objection. Vague.

9 THE WITNESS: Could you rephrase the  
10 question, please?

11 BY MR. KING:

12 Q. Who determined Record Press's prices?

13 MR. LOMAS: Objection. Vague. You can  
14 answer.

15 MR. O'BRIEN: Is there a time period,  
16 Tyler?

17 MR. LOMAS: When are we talking about?

18 MR. O'BRIEN: It's 1945 to 2008. Do you  
19 have a time period?

20 BY MR. KING:

21 Q. Okay. When we are talking about Record  
22 Press's prices, we are talking about the time frame

00027

1 during which you were the president, okay?

2 A. Understood.

3 Q. Who determined Record Press's prices?

4 A. I do.

5 Q. Okay. Do you use a pricing, do you have a  
6 pricing philosophy?

7 MR. LOMAS: Objection. Vague.

8 THE WITNESS: Could you rephrase the  
9 question, please?

10 BY MR. KING:

11 Q. How do you determine what prices to use?

12 A. Pricing is determined by the -- the way  
13 the job runs through our operation or our work flow,  
14 and the way certain departments interact with the job  
15 and the time element that's associated with the job  
16 determines that. And also depending on the nature of  
17 the job, may affect the price of the job. So if it  
18 is in a rush capacity, certainly the job will cost  
19 more.

20 Q. When you're referring to a job work flow,  
21 can you briefly describe what that work flow entails?

22 A. A job work flow will entail job ticketing,  
00028  
1 department allocation, finishing, shipment,  
2 fulfillment.

3 Q. When you refer to departments, can you  
4 briefly describe what kinds of departments you're  
5 referring to?

6 A. These departments would run from ticketing  
7 being the front office, so administrative,  
8 production, which would be the actual printing of the  
9 job, composition, creation of the job, dealing with  
10 the clients, finishing, bindery, cutting.  
11 Fulfillment, shipping.

12 Q. So is it fair to say, then, that your  
13 departments somewhat mimic your work flow in the  
14 sense that you have a different department for the  
15 different steps in the work flow?

16 MR. LOMAS: Objection.

17 THE WITNESS: Could you please rephrase?

18 BY MR. KING:

19 Q. Would you say, then, that your department  
20 structure mimics your work flow in the sense that you  
21 have different departments that deal with different  
22 stages in the work flow?

00029  
1 A. Not necessarily.

2 Q. Okay. Do you have names for the different  
3 departments?

4 A. Yes.

5 Q. What are the names of the different

6 departments?

7 A. I just told you.

8 Q. I have administration, production and  
9 completion, and fulfillment.

10 A. Okay.

11 MR. LOMAS: Is there a question pending?

12 BY MR. KING:

13 Q. Are those the departments that you're  
14 referring to?

15 A. I'll go back to them again. The front  
16 office, administration. Composition, production,  
17 shipping.

18 Q. Those are the departments?

19 A. Okay.

20 Q. You referred to time periods when you  
21 determined how to price a job. What do you mean by  
22 time period?

00030

1 MR. LOMAS: Objection. Misstates prior  
2 testimony.

3 THE WITNESS: Could you rephrase the  
4 question?

5 BY MR. KING:

6 Q. When I asked you how you determined  
7 prices, you referred to a time period. It would  
8 depend on the time period for a job. What do you  
9 mean by that?

10 MR. LOMAS: Objection. Same objection.

11 THE WITNESS: The nature of what we do  
12 involves filing documents with various courts by a  
13 deadline. 5 p.m., midnight. If we receive a job at  
14 3:45 or 4 o'clock to meet a 5 o'clock filing deadline  
15 or a 5 o'clock, or a service and filing deadline of 5  
16 o'clock, naturally that will have a higher rate.

17 BY MR. KING:

18 Q. I see. Higher price for rush time  
19 periods. When you refer to the nature of the job,  
20 what do you mean by the nature of the job?

21 A. The nature of a job refers to, is it a  
22 brief? Is it a record? Is it an appendix, is it

00031

1 straight copies? Essentially identifying what the  
2 job is.

3 Q. How does your pricing change depending on  
4 these particular items?

5 MR. LOMAS: Objection. Vague.

6 THE WITNESS: We would look at the merits  
7 of the job, so essentially the job is identified and  
8 it is walked through the work flow process and then  
9 pricing is determined.

10 BY MR. KING:

11 Q. Record Press does a lot of work for legal  
12 related printing such as, you know, briefs, correct?

13 MR. LOMAS: Objection. Leading.

14 Foundation.

15 THE WITNESS: Yes.

16 BY MR. KING:

17 Q. Does Record Press do printing for other  
18 types of jobs?

19 A. Yes.

20 Q. What other types of jobs does Record Press  
21 do printing for?

22 A. Financial. Advertising. And we will

00032

1 classify those as commercial.

2 Q. Okay. What do you classify the other  
3 stuff as?

4 MR. LOMAS: Objection. Vague.

5 THE WITNESS: Could you rephrase the  
6 question?

7 BY MR. KING:

8 Q. If you classify financial and advertising  
9 as commercial, what are your other classifications?

10 A. Legal.

11 Q. Do you have any other classifications for  
12 types of jobs that you do?

13 A. No.

14 Q. Are you familiar with the term running  
15 rate?

16 A. Yes. I am.

17 Q. What is a running rate?

18 A. A running rate is used to identify on a  
19 particular work order on a particular job on a  
20 particular contract, I have seen the term to mean it  
21 is a reflection of a particular quantity which is  
22 going to be produced of a particular item.

00033

1 Q. Okay. How does -- how is that related to  
2 pricing?

3 MR. LOMAS: Objection. Vague.

4 THE WITNESS: Could you rephrase the  
5 question?

6 BY MR. KING:

7 Q. Is the running rate related to pricing?

8 A. Depending on how it is specified in the  
9 work order, it can be. Yes.

10 Q. Okay. And how would that be specified in  
11 a work order?

12 MR. LOMAS: Objection. Vague.

13 THE WITNESS: Could you please rephrase?

14 BY MR. KING:

15 Q. How would it be specified in a work order  
16 to be related to pricing?

17 MR. LOMAS: Objection. Vague.

18 THE WITNESS: Would you rephrase?

19 BY MR. KING:

20 Q. Did you just say that a running rate can  
21 be relevant to pricing if it's specified in a work  
22 order? Ma'am, could you read back the question about

00034

1 -- or the answer to -- or the question regarding

2 whether or not running rate is related to pricing?

3 THE REPORTER: "Question: Is the running  
4 rate related to pricing?"

5 MR. KING: And the answer?

6 THE REPORTER: "Answer: Depending on how  
7 it is specified in the work order, it can be. Yes."

8 BY MR. KING:

9 Q. And the question is, how would it be  
10 specified in the work order to be related to pricing?

11 A. It would be specified by an outlining --  
12 an outline reading running rate by a number of copies  
13 related to a particular item.

14 Q. Okay. And when you say outline, what do  
15 you mean by outline?

16 A. Stated. Printed. Written.

17 Q. So outline just means written down on  
18 paper somewhere?

19 MR. LOMAS: Objection.

20 THE WITNESS: Yes.

21 BY MR. KING:

22 Q. Okay. Why is a running rate used?

00035

1 MR. LOMAS: Objection. Vague.

2 THE WITNESS: A running rate is used to  
3 specify that a particular line item or a particular  
4 item should be used, should be interpreted as a  
5 number of copies or a number of items specified.

6 BY MR. KING:

7 Q. Why do that? Why have a running rate?

8 MR. LOMAS: Objection. Speculation.

9 THE WITNESS: Can you rephrase the  
10 question?

11 BY MR. KING:

12 Q. What is the -- what is the necessity of  
13 using a running rate in a contract? I understand  
14 that you say that it's used for purposes of  
15 identifying a unit of production. But what is -- why  
16 is that? Why do you use that in your business?

17 MR. LOMAS: Objection. Foundation.

18 Speculation.

19 THE WITNESS: Could you rephrase the  
20 question?

21 BY MR. KING:

22 Q. Do you -- does the running rate in a  
00036 1 contract serve a purpose?

2 MR. LOMAS: Objection. Vague.  
3 Speculative. And foundation.

4 THE WITNESS: Could you rephrase the  
5 question, please?

6 BY MR. KING:

7 Q. Well, maybe we'll go back to that. Let me  
8 ask a different type of question about line items.  
9 In contracts, you do use line item designations for  
10 prices, correct?

11 MR. LOMAS: Objection. Leading.

12 THE WITNESS: Could you please rephrase  
13 the question?

14 BY MR. KING:

15 Q. Do you use line items in your contracts?

16 A. Record Press does not issue contracts.

17 Q. Okay. In the contracts that Record Press  
18 executes, does it have -- do they have line items?

19 A. Yes.

20 Q. Does Record Press have a particular  
21 formula or calculation that it uses with respect to  
22 specific line items?

00037

1 MR. LOMAS: Objection. Foundation.  
2 Vague.

3 THE WITNESS: Would you please rephrase  
4 the question?

5 BY MR. KING:

6 Q. Let's look at an exhibit. This is going  
7 to be Exhibit 1.

8 (Wilmot Exhibit No. 1 was  
9 marked for identification.)

10 BY MR. KING:

11 Q. Mr. Wilmot, do you know the spelling of  
12 Mr. Wrightson's name?

13 A. That's Bob Wrightson, W-R-I-G-H-T-S-O-N.

14 Q. Wrightson?

15 A. Correct.

16 Q. Mr. Wilmot, if you look at the second page  
17 of this exhibit?

18 MR. O'BRIEN: Tyler, could you give the  
19 Bates numbers?

20 BY MR. KING:

21 Q. Sure. This is Bates numbers RP 51 through

22 RP 69. And on the second page, RP 52, do you see  
00038  
1 there the program number 2231S?  
2 A. Yes, I do.  
3 Q. Now, is it your understanding that this is  
4 the contract that has the disputed charges in this  
5 case?  
6 MR. LOMAS: Objection. Foundation.  
7 Vague. Argumentative.  
8 THE WITNESS: This is an RFP.  
9 BY MR. KING:  
10 Q. Okay. Mr. Wilmot, are you aware of the  
11 fact that this contract is the basis for this dispute  
12 in this case?  
13 MR. LOMAS: Objection. Foundation.  
14 THE WITNESS: Could you rephrase the  
15 question, please?  
16 BY MR. KING:  
17 Q. Mr. Wilmot, do you know what the nature of  
18 the dispute in this case is?  
19 MR. O'BRIEN: Tyler, are you asking him  
20 what the lawsuit is alleging?  
21 MR. KING: Yes. What the lawsuit is  
22 about.  
00039  
1 MR. O'BRIEN: What your client is alleging  
2 against Record Press? Is that what you're asking?  
3 MR. KING: I'm asking whether or not the  
4 client is aware of the particular disputed charge.  
5 MR. LOMAS: Objection. Foundation.  
6 Disagree with the -- I mean -- argumentative  
7 question.  
8 MR. O'BRIEN: If you can answer it, you  
9 can answer it.  
10 THE WITNESS: Fraud.  
11 BY MR. KING:  
12 Q. Let's put this exhibit aside for the time  
13 being. We are going to go back to it.  
14 (Wilmot Exhibit No. 2 was  
15 marked for identification.)  
16 BY MR. KING:  
17 Q. All right, Mr. Wilmot, if you'd take a  
18 look at the seventh page of this document.  
19 MR. LOMAS: Are you sure it's the -- which  
20 page?  
21 MR. KING: The seventh page. It should be  
22 the one you're looking at there. Yes.  
00040  
1 MR. LOMAS: Okay.  
2 BY MR. KING:

3 Q. If you look on the left column of that  
4 chart there, you have two columns, one is called  
5 Burke's incorrect allegation. The other column is  
6 documentary evidence. If you look down on the second  
7 box in the -- of actual text, where it begins Burke  
8 claims that the cost for binding a 10 copy run of a  
9 brief or appendix is 12.50 for 100 pages. Are you  
10 aware that this is an issue in this case?

11 MR. LOMAS: Objection. Vague.  
12 Argumentative.

13 THE WITNESS: Could you rephrase the  
14 question, please?

15 BY MR. KING:

16 Q. All right. Let's look at the first page.  
17 This is -- can you read the title of the first page  
18 of this exhibit?

19 A. Record Press's -- Record Press, Inc.'s  
20 motion for sanctions pursuant to Rule 11 of the  
21 Federal Rules of Civil Procedure.

22 Q. Were you aware that Record Press filed  
00041 this motion?

1 A. Yes.

2 Q. Okay. Were you aware of the case pursuant  
3 to which this motion was filed?

4 A. Could you rephrase the question?

5 Q. You said that you were aware of this  
6 motion being filed. Were you aware of the case for  
7 which this motion was filed?

8 A. Yes.

9 Q. Okay. And this case, if you go back to  
10 that seventh page, were you aware that this case  
11 involves these allegations in the left-hand column of  
12 this chart?

13 A. Could you rephrase the question?

14 Q. Are you aware of the fact that Mr. Burke,  
15 the plaintiff in this case, on behalf of the United  
16 States government, is disputing this charge related  
17 to the second box here in the left-hand column?

18 MR. LOMAS: Objection. Vague. No  
19 foundation.

20 THE WITNESS: Again, could you please  
21 rephrase the question?  
22

00042

1 BY MR. KING:

2 Q. Keep going on here. You have -- this was  
3 the seventh page. So we have 8, 9, 10, 11, 12, 13,  
4 14, 15. And you'll see it starts with Exhibit A to  
5 the Lewin declaration. Okay. And then on the next  
6 page is what's called defendant's declaration in

7 support of its motion for summary judgment to dismiss  
8 the complaint. Do you see that there?

9 A. Yes, I do.

10 Q. Okay. Do you see that on the first  
11 sentence of this declaration, it says, Hugh Wilmot  
12 declares the following to be true under penalties of  
13 perjury?

14 A. Yes. I read that.

15 Q. Okay. Do you read in the second  
16 paragraph, it says, although Plaintiff Burke has  
17 claimed Record Press overcharged the government for  
18 appellate printing, Burke did not even have Record  
19 Press's bills. Do you see that there?

20 A. Yes, I do.

21 Q. Okay. Does this help you recall the fact  
22 that Burke in this case is about disputed over

00043

1 charges?

2 MR. LOMAS: Objection. Foundation.  
3 Mischaracterizes witness's prior testimony.

4 THE WITNESS: Could you rephrase, please?

5 BY MR. KING:

6 Q. Do you -- do you see the word overcharged  
7 there?

8 A. Yes, I do.

9 Q. Okay. Are you -- are you clear now then  
10 that this case has to do with disputed charges?

11 MR. LOMAS: Objection. Same objection as  
12 before.

13 THE WITNESS: Could you rephrase, please?

14 BY MR. KING:

15 Q. Do you know, do you know what these  
16 overcharges relate to?

17 MR. LOMAS: Objection. Vague.  
18 Mischaracterizes -- or excuse me, foundation.  
19 Argumentative.

20 THE WITNESS: Could you please rephrase  
21 the question?

22 BY MR. KING:

00044

1 Q. Do you not understand the question?

2 MR. LOMAS: Objection.

3 THE WITNESS: I asked to rephrase the  
4 question.

5 BY MR. KING:

6 Q. The question is, do you know what these  
7 overcharges relate to?

8 MR. LOMAS: Same objection.  
9 Argumentative. Vague. Foundation.

10 THE WITNESS: Again, could you rephrase

11 the question?

12 BY MR. KING:

13 Q. Do you not understand the question?

14 MR. LOMAS: Objection.

15 THE WITNESS: Could you rephrase the  
16 question? And if I ask to rephrase the question, I'm  
17 asking to rephrase the question.

18 BY MR. KING:

19 Q. When you used overcharges here, what were  
20 you referring to?

21 MR. LOMAS: Objection. Foundation.

22 THE WITNESS: Record Press responded to  
00045

1 the government's RFP, and won the contract based on a  
2 10 copy run of items, complete cover and client page  
3 only.

4 BY MR. KING:

5 Q. Let's go back to Exhibit 1?

6 MR. O'BRIEN: Which exhibit?

7 BY MR. KING:

8 Q. 1, please.

9 MR. KING: Could you read back the answer  
10 to the last question, please?

11 THE REPORTER: "Answer: Record Press  
12 responded to the government's RFP, and won the  
13 contract based on a 10 copy run of items, complete  
14 cover and client page only."

15 BY MR. KING:

16 Q. Mr. Wilmot, this Exhibit 1, is this the  
17 contract that you're referring to?

18 MR. LOMAS: Objection.

19 BY MR. KING:

20 Q. In that answer?

21 A. Yes.

22 Q. If you look on what's Bates number 65, the  
00046

1 second to last line on this page, do you see there  
2 where it says, fractional parts of 10 will be  
3 prorated at the per 10 rate?

4 A. Yes, I do.

5 Q. Do you know what that refers to?

6 MR. LOMAS: Objection. Calls for a legal  
7 conclusion.

8 THE WITNESS: Record Press again responded  
9 to the government's RFP and won the contract based on  
10 a running rate of 10 copies for line items, complete  
11 cover and text per page only.

12 BY MR. KING:

13 Q. Do you see on -- starting on pages 66  
14 through -- through 67, 66 and 67?

15 MR. O'BRIEN: The witness is saying, when  
16 you're saying those numbers, you're talking about the  
17 Bates numbers on the corner?

18 BY MR. KING:

19 Q. I'm talking about Bates numbers. Bates  
20 numbers 66 and 67.

21 MR. O'BRIEN: Bates numbers in the lower  
22 right-hand corner.

00047

1 BY MR. KING:

2 Q. These entries where you have a number  
3 written in by hand, are each of -- do you call each  
4 of these things line items?

5 MR. LOMAS: Objection. Vague.

6 THE WITNESS: Could you rephrase the  
7 question, please?

8 BY MR. KING:

9 Q. Do you see line items on this page?

10 A. Yes.

11 Q. Okay. How do you know which is a line  
12 item?

13 A. It is written on a line by itself  
14 descriptively.

15 Q. Okay. And does each line item have a  
16 price that you've put in?

17 A. Correct. It does.

18 Q. And are your -- those are your initials at  
19 the bottom?

20 A. That's correct.

21 Q. And it's true you said earlier, correct,  
22 that you're responsible for determining what these

00048

1 prices are to be for each line item?

2 MR. LOMAS: Objection. Vague.

3 THE WITNESS: Could you rephrase the  
4 question?

5 BY MR. KING:

6 Q. Are you the one that is responsible for  
7 determining what number to put for each line item?

8 MR. LOMAS: Objection. Vague.

9 THE WITNESS: Rephrase, please?

10 BY MR. KING:

11 Q. Is anyone else responsible besides you for  
12 determining what number to put in these line items?

13 A. No.

14 Q. So you determine which number to put in  
15 the line items, correct?

16 A. Correct.

17 Q. How do you determine which number to put  
18 in the line items? Just answer that.

19 A. Could you rephrase the question?  
20 Q. How do you determine what number to put in  
21 for each line item?  
22 MR. LOMAS: Objection. Compound.

00049

1 THE WITNESS: These numbers represent --  
2 these numbers represent a walk through of this  
3 particular job through our work flow process and the  
4 inherent costs associated with producing this job.  
5 BY MR. KING:  
6 Q. What do you mean by walk through?  
7 A. Before a job is priced, we must have an  
8 understanding of how it is going to be produced. As  
9 such, we must look at the merits of the job and see,  
10 A, is it a fit, can we produce it, ultimately, and  
11 what are the steps necessary to get this job to a  
12 finished product. That entails a walk through.  
13 Q. Are you familiar with the term make ready?  
14 A. Yes, I am.  
15 Q. What does make ready refer to?  
16 A. As a legal printer, you are -- from time  
17 to time, you might receive documents that are in  
18 substandard state that simply cannot be placed in a  
19 copier to be reproduced properly. It could be a  
20 multidimensional item. It could be an item that does  
21 not fit to be bound, so we then make it ready by  
22 imaging it on our copier, or our scanner to put it

00050

1 into a true 8 1/2 by 11, 8 1/2 by 14 or larger  
2 format, depending on what the finished product calls  
3 for.  
4 Q. Do you try -- do you account for that  
5 particular work flow or work process in these line  
6 items?  
7 MR. O'BRIEN: For the record, Tyler,  
8 you're still talking about page 66?  
9 BY MR. KING:  
10 Q. 66 and 67.  
11 A. Yes.  
12 Q. So if you look on page 66, the first line  
13 item, it's for 1A1, it says, cover pages, brief. Do  
14 you see that there?  
15 A. Yes, I do.  
16 Q. And you see that you wrote in \$10 as the  
17 price for that line item there?  
18 A. Yes, I do.  
19 Q. So explain, then, for example, based on  
20 your description of how you run something through a  
21 work flow, how would you know to put 10 for that  
22 particular line item based on your analysis of the

00051

1 work flow?

2 A. Could you rephrase the question?

3 Q. This particular line item here, the first  
4 one where you wrote 10, how did you determine that 10  
5 was the right number to use for that line item?

6 MR. LOMAS: And again, for the record,  
7 that's the first item on page 66.

8 BY MR. KING:

9 Q. On 66.

10 A. We look at how the job is received,  
11 whether in hard copy format or digital format. We  
12 then look at what department is going to -- or  
13 departments is going to handle the job, composition  
14 in terms of type setting.

15 We then look at purchasing as well because  
16 we would like to know how much the paper costs. We  
17 also look at purchasing again because we would want  
18 to know what is the rate at which we are being  
19 charged to print this from our print vendor, meaning  
20 our high-end copiers, so that's a factor as well.

21 In addition to that, we also look at the  
22 finishing portion of that job, of that work flow.

00052

1 MR. LOMAS: All right. We've been going  
2 for a little bit over an hour, is it okay to take a  
3 break?

4 MR. KING: Certainly.

5 MR. O'BRIEN: 5, 10.

6 MR. KING: Yes.

7 (Recess.)

8 BY MR. KING:

9 Q. Mr. Wilmot, drawing your attention back to  
10 Exhibit 1, page 66, when we left off, we were  
11 discussing the first line item for which you have \$10  
12 indicated in there. Is there a particular formula or  
13 calculation that you use in order to determine what  
14 number to put in that particular line item?

15 A. Again, the costs associated with producing  
16 these items as it hits certain departments to get to  
17 a finished product is looked at, and that's how it's  
18 determined as I outlined in the previous answer.

19 Q. And did you also indicate in your previous  
20 answer that you look at the estimated amount of  
21 production for that particular line item in terms of  
22 how you would price it as well? For example, if you

00053

1 were going to do this one time versus a hundred  
2 thousand times?

3 MR. LOMAS: Objection to the extent it

4 misstates prior testimony and then compound. And  
5 speculative.

6 THE WITNESS: Could you rephrase?

7 BY MR. KING:

8 Q. Is the expected amount of production  
9 relevant to the pricing as well?

10 MR. LOMAS: Objection. Vague.

11 THE WITNESS: Rephrase, please?

12 BY MR. KING:

13 Q. Okay. Do you -- when you enter into these  
14 contracts, are you given a breakdown of how many  
15 units the GPO will request?

16 MR. LOMAS: Objection. Vague.

17 THE WITNESS: Could you rephrase?

18 BY MR. KING:

19 Q. Okay. If you look at page 64 of this  
20 particular exhibit, in the -- under the word category  
21 1, you'll see the Roman numerals I, II, III and IV.  
22 And next to those particular line items, there are

00054  
1 numbers there. Do you know what those numbers refer  
2 to?

3 A. Yes.

4 Q. What do those numbers refer to?

5 A. Anticipated quantities.

6 Q. Anticipated quantities. Is another word  
7 to refer to them perhaps benchmarks?

8 A. I don't know.

9 Q. Okay. Well, let's refer to them as  
10 anticipated quantities. Are the anticipated  
11 quantities relevant in the formula or calculation  
12 that you used to determine what number to put for the  
13 line items?

14 MR. LOMAS: Objection. Calls for a legal  
15 conclusion.

16 THE WITNESS: Could you rephrase, please?

17 BY MR. KING:

18 Q. Do you not understand the question?

19 A. Could you rephrase, please?

20 Q. If you could explain to me perhaps, you  
21 know, why you don't understand it, or if there is --  
22 I would be happy to rephrase it. I want to rephrase

00055  
1 it in a way that's understandable, but I'm just  
2 trying to figure out first why it's -- why you don't  
3 understand it?

4 A. Well, first, I've since forgotten the  
5 question, so if you can just rephrase it.

6 Q. Okay. Are those -- what did you refer to  
7 those as again, anticipated what?

8 A. Quantities.

9 Q. Are the anticipated quantities relevant to  
10 the formula or calculation you use to determine what  
11 number to put for the line items?

12 MR. LOMAS: Same objection. Calls for a  
13 legal conclusion. You can answer. Also objection.  
14 Overbroad.

15 THE WITNESS: To the extent that we look  
16 at the quantities, it's really a reflection on what  
17 would be the end product of the contract. That is to  
18 say, we put more emphasis on what this is going to  
19 cost us to produce and what is needed to be  
20 competitive on this.

21 So if we look at what is needed to  
22 produce, it is essentially going to be a multiple, as  
00056

1 to say in the end, our contract is going to total X  
2 amount. That's it. Whatever the government  
3 requires, they require. We don't have any control  
4 over it whatsoever, period. And that quantity, how  
5 they come up with it and how it's determined, I don't  
6 know. Is it based on averages? I don't know. So it  
7 is not a factor in our determining the price.

8 BY MR. KING:

9 Q. What types of -- what is relevant to  
10 costs -- I'm sorry, let me rephrase that question.  
11 When you say that the formula or calculation that you  
12 use to determine a line item includes the costs  
13 associated with that line item, can you describe what  
14 those costs are?

15 MR. LOMAS: Objection to the extent it  
16 misstates prior testimony. Overbroad and asked and  
17 answered.

18 MR. O'BRIEN: If you could answer.

19 THE WITNESS: If you look at a finished  
20 product, a brief, a record, okay, you are in the  
21 process of creating a tangible product at the end of  
22 the line, okay? Along the way, you have incurred --  
00057

1 the company has incurred labor charge, salary for  
2 that particular employee, employees, the paper  
3 associated with it, the ink on the paper, the glue on  
4 the back of the book, and the paper costs associated  
5 with the paper. The machinery, the assets, the  
6 electricity, the shipping agent, the messengers, the  
7 computers, et cetera.

8 BY MR. KING:

9 Q. And of these different types of costs, do  
10 you determine how these costs are allocated to a  
11 particular line item?

12 MR. LOMAS: Objection. Vague.  
13 THE WITNESS: Yes. Those are factors.  
14 BY MR. KING:  
15 Q. Okay. In this particular line item here,  
16 how would you factor that in?  
17 MR. LOMAS: Objection. Vague. I'm not  
18 sure which line item -- which line item are you  
19 talking about?  
20 BY MR. KING:  
21 Q. The first line item.  
22 MR. LOMAS: Page 66.

00058

1 THE WITNESS: In this instance, you're  
2 referring to cover pages line 1, line 2, brief,  
3 correct?  
4 BY MR. KING:  
5 Q. Correct.  
6 A. Okay. Same process as I outlined before.  
7 All those items are relevant to creating a tangible  
8 finished brief that is filed and served. Labor rate,  
9 printing, ink on paper, paper, glue, the computer  
10 hardware needed to log in the paper, the job  
11 ticketing process, the necessary labor rate of  
12 associated costs with salaries, shipping, labor rate  
13 associated there, messengering.  
14 Q. So every single one of the costs that  
15 Record Press incurs in its business operations are  
16 factored into this line item here?  
17 MR. LOMAS: Objection. Mischaracterizes  
18 testimony.  
19 THE WITNESS: Could you rephrase that,  
20 please?  
21 BY MR. KING:  
22 Q. Are you stating that every cost that

00059

1 Record Press incurs in its business operation is  
2 factored into this line item here?  
3 MR. LOMAS: Objection. Mischaracterizes  
4 his testimony, I believe.  
5 THE WITNESS: I'll answer that by saying  
6 my previous answer reflected what a work flow would  
7 entail in creating your brief, and at various cost  
8 centers and departments that it would hit to create  
9 that. So I have outlined to you that as a part of  
10 the job ticketing process, the labor rate related to  
11 that, the ink on paper, the paper, the printing  
12 process, the computers that is needed to do that, the  
13 messengering, the finishing staff, the glue, the  
14 cover and so on and so forth.  
15 So it's not every part of my business.

16 It's the part of the business that hits it, and sure,  
17 there are other aspects of my business that may not  
18 touch this, but may be a part of that equation  
19 indirectly, such as, you know, the cleaning staff at  
20 the end of the day. It's still a cost for Record  
21 Press to have the cleaning staff. Maybe they are  
22 picking up the shreds -- the shards from the clipping

00060

1 from that brief.

2 Q. The question, though, is, as it pertains  
3 only to this line item, only the first line item,  
4 where it says \$10 per page for a cover page for a  
5 brief. Does that \$10 reflect this analysis that  
6 you're referring to of the costs that Record Press  
7 incurs in its business operations?

8 MR. LOMAS: Objection. Asked and  
9 answered. Vague. Overbroad.

10 THE WITNESS: I believe my previous answer  
11 reflected an accurate assessment of what is included  
12 in that, in the production of a brief.

13 BY MR. KING:

14 Q. But we are just talking about the first  
15 line item here, the cover page?

16 MR. O'BRIEN: Tyler, he has answered your  
17 question.

18 MR. KING: Well, he was referring to the  
19 production of a brief. I'm just referring to the  
20 specific line item.

21 MR. O'BRIEN: And you've asked him about  
22 it multiple times, and he has given you a very

00061

1 thorough answer. Asked and answered.

2 BY MR. KING:

3 Q. So how do you allocate, for example, the  
4 cost of your computer hardware into this particular  
5 line item?

6 MR. LOMAS: Objection. Foundation. Asked  
7 and answered. Vague.

8 THE WITNESS: Within my organization,  
9 everything is looked at, okay? As such, is it a  
10 revenue producing asset. If it is, yes, there is a  
11 cost associated with maintaining that equipment. And  
12 so what is the factor? Right. Those rates, those  
13 numbers are looked at and so on and so forth to  
14 determine price of a particular product. In this  
15 particular case, you're referring to the cover pages  
16 associated with a brief as reflected in line item 1.

17 BY MR. KING:

18 Q. Is it -- again, you're the only person  
19 that determines the prices to use here?

20 MR. LOMAS: Objection. Vague.

21 Foundation. Asked and answered.

22 THE WITNESS: That's correct.

00062

1 BY MR. KING:

2 Q. What about the next one here for appendix?

3 You also have \$10 there. Is your answer the same  
4 that you factor in every single cost that Record  
5 Press has in order to determine that line item?

6 MR. LOMAS: Objection. Misstates prior  
7 testimony.

8 THE WITNESS: Yes. That's correct. Yes.  
9 That's correct.

10 BY MR. KING:

11 Q. Do you use a specific formula or  
12 calculation to determine how they are factored in?

13 MR. LOMAS: Objection. Vague.

14 THE WITNESS: Again, in the production,  
15 you're on line item 2, appendix. The production of  
16 the appendix essentially is a similar work flow to  
17 that of a brief. Yes, an appendix could be more, is  
18 generally more complex. However, since we are --  
19 since we are speaking of covers, the work flow is  
20 very similar in essence between the brief and the  
21 appendix.

22 BY MR. KING:

00063

1 Q. Let's compare two different line items.

2 Let's take 1A1, which is the brief \$10. And E, the  
3 page proofs. Why, for example, is there such a great  
4 disparity between those two particular prices?

5 MR. LOMAS: Objection. Foundation.  
6 Vague. Argumentative. Overbroad.

7 THE WITNESS: These are vastly different  
8 end products. A page proof is essentially a client  
9 asking, let me see a proof, so whether the product is  
10 finished or not, they may request a rough draft, if  
11 you will, of where we -- where they are in the  
12 production process. It's not yet a finished  
13 completed product. Please let me see your proof, so  
14 I may be able to, you know, craft my brief roughly or  
15 I may make changes, so on and so forth.

16 That's essentially a rough copy, so  
17 essentially we are, you know, maybe halting the  
18 production process or we may be at the end of the  
19 production process awaiting changes. And we are just  
20 sending out a proof, so we are printing and we are  
21 submitting a raw proof hard copy.

22 BY MR. KING:

00064

1 Q. And what is it about your costs that are  
2 so much different than in 1A1 for cover pages?

3 MR. LOMAS: Objection. Foundation.  
4 Argumentative.

5 THE WITNESS: Again, just rephrase the  
6 question.

7 BY MR. KING:

8 Q. You said that these are vastly different?

9 A. Right.

10 Q. What is -- what is different about those  
11 in terms of your costs?

12 MR. LOMAS: Objection. Vague. Asked and  
13 answered.

14 THE WITNESS: As I explained before, the  
15 production process of a brief is complex. A page  
16 proof is essentially a raw hard copy of an unfinished  
17 product. It has not gone through the full work flow  
18 process. It is waiting a sign-off to flow to the  
19 other departments, printing, finishing, bindery,  
20 messenger, fulfillment, and so on. The proof process  
21 is send me a hard copy of where you are. Nothing  
22 else. Period. A raw, as we call this, galleys.

00065

1 Q. Then to go back to the first one, cover  
2 page for a brief, what is that product for that line  
3 item?

4 A. The cover page for a brief is generally a  
5 11 by 17 product printed on cover stock, meaning a  
6 thick paper, okay? But before it's printed, it flows  
7 through again the various departments which I  
8 outlined for you before. And in the creation of that  
9 brief cover, you are either getting a direction or  
10 from a client stating that this is how it should look  
11 and you're getting proofs to that client to say this,  
12 correct this, correct that, and so on and so forth.

13 And it flows directly to our production  
14 facility having been through composition and also  
15 proofed again. And it awaits the body of that brief  
16 to be a finished product, so it is thicker paper,  
17 more complex, and goes through more of our work flow  
18 process before it's finished.

19 Q. And but for a particular brief, for  
20 example, you're just going to have one cover page,  
21 right?

22 A. That's correct.

00066

1 Q. But for a particular brief, you could have  
2 more than one page proofs, for example?

3 A. That's correct.

4 Q. What about B, text page, contractor set

5 from manuscript copy. What does that refer to?

6 MR. LOMAS: And again, we are referring to  
7 page 66?

8 MR. KING: Page 66.

9 THE WITNESS: That refers to Record Press  
10 physically type setting a brief for a client, based  
11 on the client submitting a raw word process file.  
12 And we have to then fit it in the correct page layout  
13 to be in compliance with the appropriate court.

14 Q. What about C, text page department  
15 supplied diskette per page. What does that refer to?

16 A. In contrast to item B, this is essentially  
17 the client supplying us the finished copy  
18 electronically on a diskette via email. Item B  
19 refers to it as a hard copy. Item C refers to it as  
20 an electronic copy.

21 So if it's electronic in nature, we are  
22 essentially saying the work flow is not as complex  
00067

1 because instead of a scanning process to recover the  
2 words on a hard copy page, we have it as a soft copy  
3 in a digital format where we could then reproduce  
4 relatively easy. So we may have then bumped a cost  
5 center or shortened the work flow.

6 Q. And in the production of either a brief or  
7 appendix, is it true that only B or C would be  
8 charged, but not both?

9 A. Okay. Rephrase the question.

10 Q. Is it true that in the production of  
11 either of a brief or appendix, just one of them,  
12 you're either going to charge for B or C, but you  
13 wouldn't charge for both B and C at the same time?

14 MR. LOMAS: Objection. Compound. Vague.  
15 Calls for speculation. Complex.

16 THE WITNESS: That's not correct.

17 BY MR. KING:

18 Q. Do you ever charge for both B and C for  
19 one brief or appendix?

20 MR. LOMAS: Objection. Compound.  
21 Overbroad.

22 THE WITNESS: In the production process,  
00068

1 okay, a brief and an appendix are different products,  
2 so if a work flow or a job request calls for a brief  
3 and it's only a brief, we are only producing a brief  
4 and we are only going to charge for a brief. If the  
5 requested product calls for a brief and appendix, we  
6 are going to print a brief and appendix which are two  
7 distinctly different products.

8 BY MR. KING:

9 Q. I'm sorry. I apologize. Perhaps I was  
10 confusing by using the word or. Would you ever  
11 charge both C and B for one brief?

12 MR. LOMAS: Objection. Calls for  
13 speculation and vague.

14 THE WITNESS: Okay. Referring to items C  
15 and D, you have asked --

16 BY MR. KING:

17 Q. I'm referring to B and C?

18 MR. LOMAS: You might want to rephrase  
19 your question --

20 BY MR. KING:

21 Q. B and C, do you ever charge for B and C  
22 together for a single brief?

00069

1 MR. LOMAS: Objection. Calls for  
2 speculation.

3 THE WITNESS: Yes, you can, and I'll  
4 explain that.

5 BY MR. KING:

6 Q. Please.

7 A. The contractor could supply half of the  
8 brief as hard copy and the other half electronically  
9 so we then have to combine them.

10 Q. And D, could you describe what D refers  
11 to, remake of pages due to editorial changes?

12 A. Remake of pages due to editorial changes  
13 falls under what we call a client revision, an A, so  
14 essentially, we have set the product based on B and  
15 C, given B or C, or B and C, or B or C. Okay?

16 What I'm referring to there is we could  
17 have gotten the copy from a manuscript or from a  
18 diskette. So once set and a proof provided, the  
19 client is basically saying I am completely rechanging  
20 page 3. As such, we are saying no problem, page 3,  
21 that's the rate.

22 Q. And F always refers to alterations?

00070

1 MR. LOMAS: Objection. Vague.

2 THE WITNESS: Correct. F refers to  
3 alterations.

4 BY MR. KING:

5 Q. Earlier we discussed the concept of make  
6 ready. Is make ready, does make ready embody these  
7 line items here under I?

8 MR. LOMAS: Objection. Vague.

9 Foundation.

10 THE WITNESS: Again, I'm sorry, rephrase  
11 the question.

12 BY MR. KING:

13 Q. Earlier we discussed make ready. Does  
14 make ready embody these line items under I, under  
15 Roman numeral I?

16 MR. LOMAS: Same objection.

17 THE WITNESS: Make ready is absolutely  
18 included in the thought process, as outlined on page  
19 67.

20 BY MR. KING:

21 Q. Okay. Is a running rate relevant to any  
22 of these line items?

00071

1 MR. LOMAS: Objection. Vague. Overbroad.  
2 Calls for a legal conclusion.

3 THE WITNESS: Record Press, in response to  
4 the government requests for RFP, won this contract  
5 based on a running rate of 10 copies for line items,  
6 complete cover, text per page only.

7 BY MR. KING:

8 Q. Okay. How did you arrive at that  
9 conclusion?

10 MR. LOMAS: Objection. Vague.

11 THE WITNESS: In response to this  
12 contract, Record Press completed this RFP based on a  
13 running rate of 10 copies for line items complete  
14 cover and text per page only. That's how it was  
15 submitted. That's how we won.

16 BY MR. KING:

17 Q. How do you determine that the running rate  
18 is only applicable to those two line items?

19 MR. LOMAS: Objection. Calls for legal  
20 conclusion. Asked and answered. Lack of foundation.

21 THE WITNESS: Record Press, in response to  
22 this contract, submitted a -- an estimate, competed

00072

1 RFP to reflect a running rate of 10 copies for  
2 complete cover and text per page only.

3 BY MR. KING:

4 Q. How does the running rate apply to A,  
5 complete cover?

6 MR. LOMAS: Objection. Vague. Calls for  
7 legal conclusion. Foundation.

8 THE WITNESS: Again, Record Press  
9 submitted in request for this RFP, a number based on  
10 the running rate of 10 copies of \$6 for complete  
11 cover and text per page 35 cents.

12 BY MR. KING:

13 Q. The running rate, what is the purpose of  
14 the running rate for purpose of this Roman numeral  
15 here?

16 MR. LOMAS: Objection. Calls for legal

17 conclusion. Speculation. Record Press didn't write  
18 this RFP.

19 THE WITNESS: Again, in submission of this  
20 RFP to Record Press, we completed it based on a 10  
21 copy run for complete cover and text per page only.

22 BY MR. KING:

00073

1 Q. Does -- are the terms of this bid that are  
2 executed by you final terms?

3 MR. LOMAS: Objection. Vague. Calls for  
4 a legal conclusion. Foundation.

5 THE WITNESS: Could you rephrase the  
6 question for me?

7 BY MR. KING:

8 Q. Do you -- are the -- are the prices that  
9 are put here, are these final prices?

10 MR. LOMAS: Objection. Calls for legal  
11 conclusion. Vague. Foundation.

12 THE WITNESS: Again, just rephrase.

13 BY MR. KING:

14 Q. Does this contract become -- or does this  
15 RFP become a binding contract between you and the  
16 GPO, between Record Press and the GPO?

17 MR. LOMAS: Objection. Calls for a legal  
18 conclusion.

19 THE WITNESS: Once we submit, once we --  
20 once this RFP is completed and submitted to the GPO,  
21 it is up to the GPO to determine who is the winner.  
22 And as such, we are informed if we have won or lost

00074

1 the contract. Period. So --

2 BY MR. KING:

3 Q. By winning, do you mean it becomes the  
4 contract?

5 MR. LOMAS: Objection. Vague. Calls for  
6 a legal conclusion.

7 THE WITNESS: Again, rephrase.

8 BY MR. KING:

9 Q. When you say that Record Press wins the  
10 contract, does that mean that it becomes the  
11 contract?

12 MR. LOMAS: Same objections.

13 THE WITNESS: Yes. We then become the  
14 performing agent on that project.

15 BY MR. KING:

16 Q. And are these prices here the final terms  
17 of that contract?

18 MR. LOMAS: Objection. Asked and  
19 answered. Calls for a legal conclusion. Foundation.

20 THE WITNESS: If these numbers reflect

21 what was submitted on our RFP and the government  
22 reviews it as such, and then chooses us to be the  
00075

1 winner, yes, it's consistent.

2 BY MR. KING:

3 Q. And are there ever occasions where the GPO  
4 or Record Press modify this during the contract's  
5 existence?

6 MR. LOMAS: Objection. Vague. Compound.  
7 Overbroad. Calls for a legal conclusion.

8 THE WITNESS: I have never seen that.

9 BY MR. KING:

10 Q. Does the GPO and Record Press engage in  
11 any preliminary discourse regarding the definitions  
12 or meanings of any of the terms in the contract?

13 A. I have never seen that.

14 Q. So Record Press does not, and the GPO does  
15 not discuss what any of this means before it's  
16 awarded?

17 MR. LOMAS: Objection. Leading.  
18 Foundation.

19 THE WITNESS: I have never seen that.

20 BY MR. KING:

21 Q. Are you familiar with Ira Fishken?

22 A. Yes, I am.

00076  
1 Q. How -- have you ever spoken with Ira  
2 Fishken?

3 A. Yes, I have.

4 Q. What were the -- how many times have you  
5 spoken with him?

6 A. I don't know.

7 Q. More than a couple or close to a hundred?  
8 Approximately how many?

9 MR. LOMAS: Objection. Argumentative.  
10 Compound.

11 THE WITNESS: Since being president of  
12 Record Press, since 2003, I've spoken to Ira off and  
13 on once or twice a year.

14 BY MR. KING:

15 Q. And when you speak with Mr. Fishken, do  
16 you discuss the meaning of any of these contracts?

17 MR. LOMAS: Objection. Vague.

18 THE WITNESS: No. When I speak to Ira,  
19 it's generally on performance issues such as if a  
20 U.S. attorney may have a particular issue on the -- a  
21 job or so on and so forth, or the timeliness of a  
22 job, period. Never on contract terms. The contracts

00077  
1 I submitted by the GPO are unambiguous, period. And

2 if there were any changes to a particular contract or  
3 something you do not understand, it is a written  
4 submission process.

5 BY MR. KING:

6 Q. After this case was filed, did you speak  
7 with him about this particular contract or about this  
8 case?

9 MR. LOMAS: Objection. Vague. Compound.

10 THE WITNESS: Not at all.

11 BY MR. KING:

12 Q. Did you speak with any GPO officials  
13 regarding this case after it was filed?

14 A. Not at all. Can I add something for the  
15 record?

16 Q. Yes. Please.

17 A. Record Press's invoices are submitted to  
18 Washington, D.C., along with Philadelphia, GPO's  
19 office. Washington does not pay our invoices unless  
20 GPO in Philadelphia approves of them. So that means  
21 they must be in compliance before they are paid, so  
22 there is a dual auditing going on on our invoices.

00078

1 Q. If you were going to look at pages 66 and  
2 67, if you were going to add up all of these line  
3 items and come up with a total number, is that total  
4 number relevant to how you decide to price these  
5 projects?

6 MR. LOMAS: Calls for speculation. Vague.  
7 Calls for legal conclusion.

8 THE WITNESS: No.

9 BY MR. KING:

10 Q. Back to page 67, Bates number page 67,  
11 where you have the note of the running rate. Do you  
12 know why that phrase appears in this particular  
13 section?

14 MR. LOMAS: Objection. Calls for  
15 speculation. Asked and answered. No foundation.

16 THE WITNESS: Again, Record Press  
17 responded to an RFP created by the government and won  
18 a contract based on a 10 copy running rate for line  
19 items, complete cover, text per page as expressed  
20 here, and only that.

21 BY MR. KING:

22 Q. But my question wasn't -- wasn't about  
00079

1 that. My question was, do you know why running rate  
2 appears here in the section?

3 MR. LOMAS: Objection. Asked and  
4 answered. Foundation. Argumentative. Calls for  
5 speculation.

6 THE WITNESS: I can't -- Record Press  
7 responded to an RFP sent by the government. It won  
8 the contract based on a 10 copy running rate for  
9 complete cover and text per page. As outlined on the  
10 winning bid only.

11 BY MR. KING:

12 Q. So it's your statement that what you just  
13 stated is Record Press's interpretation of this  
14 contract?

15 MR. LOMAS: Objection. Misstates prior  
16 testimony and calls for legal conclusion.

17 THE WITNESS: I'm going to say Record  
18 Press won this contract, all right, based on an RFP  
19 as requested, filling out these line items based on a  
20 10 copy run only for complete cover and text per  
21 page.

22 BY MR. KING:

00080

1 Q. How do you know that?

2 MR. LOMAS: Objection.

3 THE WITNESS: It is clearly stated that on  
4 this RFP, Record Press completed this RFP to reflect  
5 a 10 copy running rate for complete cover and text  
6 per page only. And Record Press won the contract  
7 based on what it submitted.

8 BY MR. KING:

9 Q. Well, you see here there are four line  
10 items. Do you see those?

11 MR. LOMAS: Objection. Vague.  
12 Mischaracterizes the exhibit.

13 BY MR. KING:

14 Q. There are four categories of line items,  
15 correct?

16 MR. LOMAS: Objection. Argumentative.

17 THE WITNESS: That's incorrect.

18 BY MR. KING:

19 Q. Okay. How many line items are there  
20 there?

21 A. There are five.

22 Q. And your testimony is that only two of

00081

1 those line items are relevant to the running rate?

2 MR. LOMAS: Objection. Vague. Calls for  
3 a legal conclusion. Foundation.

4 THE WITNESS: Again, Record Press was  
5 given a blank RFP by the GPO. We completed this RFP  
6 and won a contract based on a 10 copy run for the  
7 complete cover and text per page only.

8 BY MR. KING:

9 Q. And your testimony is that you know that

10 to be the case because it's clear?  
11 MR. LOMAS: Objection. Mischaracterizes  
12 the witness's testimony. Argumentative.  
13 THE WITNESS: Again --  
14 MR. LOMAS: Leading.  
15 THE WITNESS: Again, Record Press  
16 submitted numbers based on a government RFP for a 10  
17 copy running rate for items, complete cover and text  
18 per page.  
19 MR. O'BRIEN: Tyler, we've been going for  
20 a while, you've been asking a question over and over.  
21 Maybe we could search for a good time for a break.  
22 MR. KING: Yes.

00082  
1 MR. O'BRIEN: Five minutes, 10 minutes.  
2 MR. KING: The shorter the better. What  
3 time is it now?  
4 MR. O'BRIEN: It's 25 to 5.  
5 MR. KING: Okay.  
6 (Recess.)  
7 BY MR. KING:  
8 Q. Could you please mark this Exhibit 3.  
9 (Wilmot Exhibit No. 3 was  
10 marked for identification.)  
11 BY MR. KING:  
12 Q. Mr. Wilmot, do you see on the -- the  
13 third, the third column from the description where it  
14 says, contract number 1E4, and under that it says,  
15 Record Press, New York.  
16 A. Yes, I do.  
17 MR. LOMAS: Just before we go forward, I  
18 just want to note for the record that there is some  
19 markups on this document, so circling a couple -- go  
20 ahead.  
21 MR. O'BRIEN: Are they your markups,  
22 Tyler?

00083  
1 MR. KING: No.  
2 BY MR. KING:  
3 Q. Do you -- do you recognize this document?  
4 A. Yes, I do.  
5 Q. And what type of document is this?  
6 A. This document is a breakdown that  
7 generally accompanies the RFP submitted by the GPO to  
8 every vendor or potential contractor for this  
9 particular program.  
10 Q. Okay. And if you look down there for  
11 Record Press under the columns for Record Press, and  
12 you go down to where it says collating, trimming to  
13 size, and binding per 100 pages, the basis of the

14 order 14, the unit rate of 1225, do you see that  
15 that's written there?

16 MR. LOMAS: Objection. Compound.

17 THE WITNESS: Correct. I see it.

18 BY MR. KING:

19 Q. And is it -- is it your testimony that  
20 these particular entries under Record Press's column  
21 are entries corresponding to the RFP that Record  
22 Press submitted?

00084

1 MR. LOMAS: Objection. I don't believe he  
2 testified to that at this point yet.

3 THE WITNESS: I don't know.

4 BY MR. KING:

5 Q. Okay. So Mr. Wilmot, you didn't prepare  
6 the document?

7 A. That's correct.

8 Q. And so you don't know whether or not the  
9 entries in this document correspond to the RFP that  
10 Record Press submitted?

11 MR. LOMAS: Objection. Leading.

12 THE WITNESS: The previous question was,  
13 did I prepare this document and this document being  
14 this spreadsheet layout, no. Record Press did not  
15 create this. This is not a Record Press product.  
16 Record Press is not responsible for any numbers that  
17 enters into this particular table, and the  
18 interpretation of this particular table. Record  
19 Press ceases the line item and enters into an RFP to  
20 win a particular contract based on its entries into  
21 the line item.

22 Q. And I'd like to enter another exhibit for  
00085 the record.

1 (Wilmot Exhibit No. 4 was  
2 marked for identification.)

3 BY MR. KING:

4 Q. Mr. Wilmot, do you recognize this type of  
5 document here?

6 MR. LOMAS: Objection.

7 MR. O'BRIEN: Can you say the exhibit  
8 number, Tyler?

9 BY MR. KING:

10 Q. Exhibit Number 4.

11 MR. LOMAS: Are these documents, these  
12 documents are in your possession, have you produced  
13 these in the case?

14 MR. KING: This was filed in your Rule 11  
15 motion.

16 MR. LOMAS: This one here was.

18 MR. KING: Yes.  
19 MR. LOMAS: What about Exhibit 3?  
20 MR. KING: Exhibit 3 was provided to Mark  
21 Hanna, plaintiff's prior counsel.  
22 MR. O'BRIEN: By who, Tyler?

00086

1 MR. KING: By the -- by the GPO. It was  
2 the GPO or GPO's counsel.  
3 BY MR. KING:  
4 Q. Do you recognize this as being the same  
5 type of document as Exhibit Number 3?  
6 MR. LOMAS: Objection.  
7 THE WITNESS: They are -- certainly in  
8 nature seems to be the same, but obviously some  
9 missing elements.  
10 BY MR. KING:  
11 Q. Do you know whether or not Exhibit Number  
12 4 reflects Record Press?  
13 MR. LOMAS: Objection. Vague.  
14 Foundation. Speculative. Vague as to time.  
15 THE WITNESS: Again, Record Press submits  
16 a -- a complete RFP based on the line items as  
17 outlined earlier.

18 (Wilmot Exhibit No. 5 was  
19 marked for identification.)

20 BY MR. KING:  
21 Q. This is Exhibit Number 5. For the record,  
22 this is Exhibit Number 5 and this is Bates numbers RP

00087

1 1 through RP 16. If you could take a look at RP  
2 number 4, please. If you look down in the -- under  
3 general terms and conditions and specifications,  
4 which is in all caps there at the top, two lines down  
5 or the next line and the next line, it says there,  
6 for the procurement of appeals briefs and appendices,  
7 correct?

8 MR. LOMAS: Objection. Leading.

9 THE WITNESS: Yes.

10 BY MR. KING:

11 Q. And then if you turn to number 14, please.

12 MR. LOMAS: Bates number 14.

13 BY MR. KING:

14 Q. Bates number 14. You'll see here one and  
15 two are the only line items for this particular job,  
16 correct?

17 MR. LOMAS: Objection. Calls for legal  
18 conclusion. Foundation. Vague.

19 THE WITNESS: This RFP lists two line  
20 items under the running rate per 10 copies which  
21 represents -- which Record Press completed and won a

22 contract based on the amount of moneys stated for  
00088  
1 complete covers and text per page only.  
2 BY MR. KING:  
3 Q. Why is that RFP so much different than the  
4 other RFP that we were discussing?  
5 MR. LOMAS: Objection. Argumentative.  
6 Speculation. Foundation.  
7 THE WITNESS: Could you rephrase the  
8 question?  
9 BY MR. KING:  
10 Q. Okay. Are both this RFP and the previous  
11 RFP we were discussing both for appeals briefs and  
12 appendices?  
13 MR. LOMAS: Objection. Vague.  
14 THE WITNESS: I would have to go back and  
15 look at the other contract to -- the other program to  
16 be sure that's the case.  
17 BY MR. KING:  
18 Q. Earlier you testified about Record Press  
19 having two categories of business, commercial and  
20 legal. What -- what are the other types of clients  
21 that you work with that you do legal work for?  
22 MR. LOMAS: Objection. Foundation.  
00089  
1 THE WITNESS: Law firms.  
2 BY MR. KING:  
3 Q. Do you work for other government agencies  
4 other than the GPO?  
5 MR. LOMAS: Objection. Vague.  
6 THE WITNESS: Would you rephrase the  
7 question?  
8 BY MR. KING:  
9 Q. Are there other government agencies  
10 besides the GPO that does the legal work with Record  
11 Press?  
12 MR. LOMAS: Objection. Vague.  
13 THE WITNESS: Just the GPO.  
14 BY MR. KING:  
15 Q. Have you made any attempts to address  
16 whether or not the running rate should be applied to  
17 only A and B in the invoices or the future contracts?  
18 MR. LOMAS: Objection. Vague.  
19 Argumentative. Foundation. Compound. No  
20 foundation. Compound.  
21 THE WITNESS: Record Press responded to a  
22 government RFP and submitted the winning bid for a  
00090  
1 running rate of 10 copies with a line item specified.  
2 BY MR. KING:

3 Q. Has Record Press in any way changed its  
4 procedures for billing or invoicing which I  
5 understand to be the same thing in relation to this  
6 lawsuit?

7 MR. LOMAS: Objection. Foundation.  
8 Vague. Compound.

9 THE WITNESS: Absolutely not.

10 BY MR. KING:

11 Q. Would Record Press change the way it  
12 invoices or bills in the future in relation to the  
13 way, in relation to this lawsuit?

14 MR. LOMAS: Objection. Foundation.  
15 Speculative. Vague.

16 THE WITNESS: Record Press's bill has been  
17 consistent and will be consistent and the government  
18 has, you know, essentially said that it's in  
19 agreement with Record Press's billing.

20 BY MR. KING:

21 Q. Does Record Press have a CEO?

22 A. No.

00091

1 Q. Does Record Press have a CFO?

2 A. No.

3 Q. Does Record Press have a COO?

4 A. No.

5 Q. Has -- have any of Record Press's invoices  
6 other than this, the ones in this case, been  
7 challenged?

8 MR. LOMAS: Objection. Vague.

9 BY MR. KING:

10 Q. During your time as president with the  
11 company?

12 A. Never.

13 Q. Do you recall a phone conversation with  
14 the plaintiff in this case, Mr. Burke?

15 A. Yes, I do.

16 Q. And what did you do, if anything,  
17 immediately thereafter to follow up on this phone  
18 call?

19 MR. LOMAS: Objection. Foundation.

20 THE WITNESS: I recall speaking to  
21 Mr. Burke twice. The first time Mr. Burke called he  
22 misrepresented himself as just someone making a

00092

1 general request on our pricing. Record Press's  
2 pricing is confidential. Any time a request of that  
3 nature comes in, that call immediately goes to a  
4 salesperson or to me directly.

5 In this case, Evelyn Crespo is my billing  
6 clerk. She answered that particular call and as

7 such, she then passed that call to me to answer and  
8 it was a general inquiry on our pricing as to why we  
9 are charging what we are charging, period. I never  
10 knew this person to be Brian Burke, period.

11 Q. And you said there was a second occasion  
12 when you spoke with him?

13 A. The second occasion when he called, that  
14 information he directly requested me, okay? As such,  
15 I spoke to him and he told me that he spoke to  
16 someone in Washington who said explicitly that we are  
17 billing and defrauding the government based on this  
18 particular contract.

19 Q. Did you do anything immediately thereafter  
20 to follow up on this phone call?

21 A. Immediately thereafter, I spoke -- I  
22 tracked down as best as I could Mr. Adgerson, who  
00093

1 then told me that he had no such conversation with  
2 Mr. Burke.

3 Q. And did you do anything thereafter after  
4 that conversation with Adgerson to follow up?

5 A. No. Because I was more or less concerned  
6 that he could have set -- that Mr. Adgerson could  
7 have made a claim like that that is baseless, so I  
8 actually thought the entire argument was without  
9 merit.

10 Q. Had you ever spoken with Mr. Adgerson  
11 before?

12 A. Never. I just wanted to make a correction  
13 for the record. I referred to Evelyn Crespo as my  
14 billing clerk. Before that it was Miss Karen  
15 Daniels.

16 Q. Can you just briefly describe what's meant  
17 by collating, binding and trimming?

18 MR. LOMAS: Objection. Calls for legal  
19 conclusion. Vague. Overbroad. And it may have been  
20 asked and answered previously.

21 THE WITNESS: Rephrase the question,  
22 please?

00094

1 BY MR. KING:

2 Q. If we go back to Exhibit Number 1, you  
3 look at page 67. Under the line item for II D, it  
4 refers to collating, trimming to size and binding.  
5 Can you describe what that refers to?

6 MR. LOMAS: Objection. Calls for legal  
7 conclusion. It may have been asked and answered.

8 THE WITNESS: Collating, trimming to size  
9 and binding refers to in the production process of a  
10 brief, a record or an appendix, when these documents

11 that could be voluminous are sent to the printer,  
12 they must be collated in terms of document, complete  
13 document sets.

14 Once they have been collated by the -- the  
15 printing and finishing department, okay, it is  
16 trimmed to size based on the guideline of the  
17 particular court. Once it's trimmed to size, it is  
18 then brought over from the guillotine cutter to the  
19 bindery department, okay, or the binder.

20 It is then placed in the binder and the  
21 cover is fed in and in that process, a glue is placed  
22 on the back of the book and the cover automatically

00095

1 wraps to the book. It then drops to the bottom of  
2 the bin. It is then placed on a cart and brought  
3 back after the complete number of books have been  
4 bound that were ordered. Once that process is done,  
5 it is brought over to the guillotine cutter again and  
6 then it is trimmed to final size to ensure that the  
7 cover and the product is a perfect representation of  
8 Record Press's abilities.

9 Q. Do you ever do a run of only one copy?

10 MR. LOMAS: Objection. Vague.

11 THE WITNESS: Absolutely. That could fall  
12 under, I want another copy or simple reprint of one  
13 copy.

14 BY MR. KING:

15 Q. A simple what?

16 A. Reprint of one copy.

17 Q. It's 5 o'clock, right?

18 MR. O'BRIEN: Yes.

19 MR. KING: No more questions.

20 MR. LOMAS: I just want to reiterate  
21 again, I think there were a couple of occasions where  
22 we moved for a protective order with respect to the

00096

1 pricing or compensation so we'll want to talk about  
2 that afterwards.

3 MR. KING: Certainly.

4 MR. O'BRIEN: Thank you very much.

5 MR. KING: Mr. Wilmot, thanks a lot for  
6 your time.

7 (Whereupon, at 5:03 p.m., the taking of  
8 the deposition ceased.)
